I ZA KRAJ...

Obzirom da nismo u školskoj knjižnici uspjeli pronaći djela autora iz svih europskih zemalja, posegnuli smo za izvorima na internetu i antologijama svjetske književnosti.

Ponosni smo što smo na kraju pokrili svih 44 zemalja, ali i što smo učenike potakli na čitanje na jezicima koji im je materinji ili kojim govore u svojim obiteljima. Na taj smo način pokazali bogatstvo različitosti u našoj školi i sredini u kojoj živimo.
